There was one (1) complaint of racial profiling made against the San Antonio Park Police during 2013.

1. **IIAN 2013-041** (Date: *10-18-2013*)

Complainant was upset with the Officer for issuing him a citation and having his vehicle towed. He demanded to have the ticket voided and the fee he paid for the towing and storage of his vehicle returned to him. I explained to him that was not in my power, only a judge could rule on his citation. During our interview he alleges the Officer did not have probable cause for pulling him over, but investigation showed he had an expired registration sticker and an expired inspection sticker on his vehicle. The Complainant was upset that the Officer had his car towed from the scene, but investigation showed that the complainant did not have a valid driver's license at the time of the stop. He stated that he thought our Officer was racist, but when asked could not point to anything that would lead him to believe that. Complainant made an appointment to come in and make a formal complaint. He failed to show up for his appointment. I attempted to contact him to reschedule his appointment, several messages were left. The last call made on 11-14-13, the complainant answered stated he did not remember who I was and said he did not have time to talk anymore.

The case was **CLOSED** by Captain Castro as the complainant did not wish to pursue the matter.

Based on our performance as presented above, I am confident that we have complied with the law to the fullest extent possible for the calendar year 2013 and have continued to improve our collection and analysis of the racial profiling data gathered.

Sincerely,

William P. McManus
Chief of Police
