Kemah City Council  
City of Kemah  
Kemah, Texas 77565

Dear Distinguished Members of the City Council,

In 2001, the Texas legislature, in an attempt to address the issue of racial profiling in policing, passed the Texas Racial Profiling Law (S.B. 1074). Since becoming effective, the Kemah Police Department, in accordance with the law, has collected citation-based contact data for the purpose of identifying and addressing (if necessary) concerns regarding racial profiling practices by police officers.

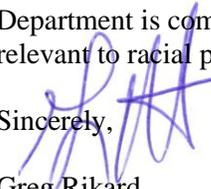

In this report, you will encounter three sections that present information on citation-based contact data along with documentation which aims at supporting the fact that the Kemah Police Department has complied with The Texas Racial Profiling Law. You will find, in section 1, the table of contents in addition to the Texas Law on Racial Profiling. Also, in this section, you will have the opportunity to become acquainted with the list of requirements relevant to the Racial Profiling Law as interpreted by TCOLE (Texas Commission on Law Enforcement).

In sections 2 and 3, you will find documentation which demonstrates compliance of the Kemah Police Department with the Texas Racial Profiling Law. Specifically, documents relevant to the implementation of an institutional policy banning racial profiling, the implementation of a racial profiling complaint process (including the manner in which it has been disclosed to the public) and the training administered to all law enforcement personnel, are included.

This report also contains statistical data relevant to public contacts, made during the course of traffic stops, between 1/1/13 and 12/31/13. The final analysis and recommendations are also included.

The findings presented in this report support the notion that the Kemah Police Department is committed to the identification and resolution (if necessary) of all issues relevant to racial profiling according to the state law.

Sincerely,

  
Greg Rikard  
Chief of Police

# Texas Racial Profiling Law Requirements

## Guidelines for Compiling and Reporting Data under Senate Bill 1074

### Background

Senate Bill 1074 of the 77<sup>th</sup> Legislature established requirements in the Texas Code of Criminal Procedure (TCCP) for law enforcement agencies. The Commission developed this document to assist agencies in complying with the statutory requirements.

The guidelines are written in the form of standards using a style developed from accreditation organizations including the Commission on Accreditation for Law Enforcement Agencies (CALEA). The standards provide a description of *what* must be accomplished by an agency but allows wide latitude in determining *how* the agency will achieve compliance with each applicable standard.

Each standard is composed of two parts: the standard statement and the commentary. The *standard statement* is a declarative sentence that places a clear-cut requirement, or multiple requirements, on an agency. The commentary supports the standard statement but is not binding. The commentary can serve as a prompt, as guidance to clarify the intent of the standard, or as an example of one possible way to comply with the standard.

### Standard 1

Each law enforcement agency has a detailed written directive that:

- clearly defines acts that constitute racial profiling;
- strictly prohibits peace officers employed by the agency from engaging in racial profiling;
- implements a process by which an individual may file a complaint with the agency if the individual believes a peace officer employed by the agency has engaged in racial profiling with respect to the individual filing the complaint;
- provides for public education relating to the complaint process;
- requires appropriate corrective action to be taken against a peace officer employed by the agency who, after investigation, is shown to have engaged in racial profiling in violation of the agency's written racial profiling policy; and
- requires the collection of certain types of data for subsequent reporting.

### Commentary

Article 2.131 of the TCCP prohibits officers from engaging in racial profiling, and article 2.132 of the TCCP now requires a written policy that contains the elements listed in this standard. The article also specifically defines a law enforcement agency as it applies to this statute as an "agency of the state, or

of a county, municipality, or other political subdivision of the state, that employs peace officers who make traffic stops in the routine performance of the officers' official duties.”

The article further defines race or ethnicity as being of “a particular descent, including Caucasian, African, Hispanic, Asian, or Native American.” The statute does not limit the required policies to just these ethnic groups.

This written policy is to be adopted and implemented no later than January 1, 2002.

## **Standard 2**

Each peace officer who stops a motor vehicle for an alleged violation of a law or ordinance regulating traffic, or who stops a pedestrian for any suspected offense reports to the employing law enforcement agency information relating to the stop, to include:

- a physical description of each person detained, including gender and the person's race or ethnicity, as stated by the person, or, if the person does not state a race or ethnicity, as determined by the officer's best judgment;
- the traffic law or ordinance alleged to have been violated or the suspected offense;
- whether the officer conducted a search as a result of the stop and, if so, whether the person stopped consented to the search;
- whether any contraband was discovered in the course of the search, and the type of contraband discovered;
- whether probable cause to search existed, and the facts supporting the existence of that probable cause;
- whether the officer made an arrest as a result of the stop or the search, including a statement of the offense charged;
- the street address or approximate location of the stop; and
- whether the officer issued a warning or citation as a result of the stop, including a description of the warning or a statement of the violation charged.

## **Commentary**

The information required by 2.133 TCCP is used to complete the agency reporting requirements found in Article 2.134. A peace officer and an agency may be exempted from this requirement under Article 2.135 TCCP Exemption for Agencies Using Video and Audio Equipment. An agency may be exempt from this reporting requirement by applying for the funds from the Department of Public Safety for video and audio equipment and the State does not supply those funds. Section 2.135 (a)(2) states, “the governing body of the county or municipality served by the law enforcement agency, in conjunction with the law enforcement agency, certifies to the Department of Public Safety, not later than the date specified by rule by the department, that the law enforcement agency needs funds or video and audio equipment for the purpose of installing video and audio equipment as described by Subsection (a) (1) (A) and the agency does not receive from the state funds for video and audio equipment sufficient, as determined by the department, for the agency to accomplish that purpose.”

## **Standard 3**

The agency compiles the information collected under 2.132 and 2.133 and analyzes the information identified in 2.133.

## Commentary

Senate Bill 1074 from the 77<sup>th</sup> Session of the Texas Legislature created requirements for law enforcement agencies to gather specific information and to report it to each county or municipality served. New sections of law were added to the Code of Criminal Procedure regarding the reporting of traffic and pedestrian stops. Detained is defined as when a person stopped is not free to leave.

Article 2.134 TCCP requires the agency to compile and provide an analysis of the information collected by peace officer employed by the agency. The report is provided to the governing body of the municipality or county no later than March 1 of each year and covers the previous calendar year.

There is data collection and reporting required based on Article 2.132 CCP (tier one) and Article 2.133 CCP (tier two).

The minimum requirements for “tier one” data for traffic stops in which a citation results are:

- 1) the race or ethnicity of individual detained (race and ethnicity as defined by the bill means of “a particular descent, including Caucasian, African, Hispanic, Asian, or Native American”);
- 2) whether a search was conducted, and if there was a search, whether it was a consent search or a probable cause search; and
- 3) whether there was a custody arrest.

The minimum requirements for reporting on “tier two” reports include traffic and pedestrian stops.

Tier two data include:

- 1) the detained person’s gender and race or ethnicity;
- 2) the type of law violation suspected, e.g., hazardous traffic, non-hazardous traffic, or other criminal investigation (the Texas Department of Public Safety publishes a categorization of traffic offenses into hazardous or non-hazardous);
- 3) whether a search was conducted, and if so whether it was based on consent or probable cause;
- 4) facts supporting probable cause;
- 5) the type, if any, of contraband that was collected;
- 6) disposition of the stop, e.g., arrest, ticket, warning, or release;
- 7) location of stop; and
- 8) statement of the charge, e.g., felony, misdemeanor, or traffic.

Tier one reports are made to the governing body of each county or municipality served by the agency an annual report of information if the agency is an agency of a county, municipality, or other political subdivision of the state. Tier one and two reports are reported to the county or municipality not later than March 1 for the previous calendar year beginning March 1, 2003. Tier two reports include a comparative analysis between the race and ethnicity of persons detained to see if a differential pattern of treatment can be discerned based on the disposition of stops including searches resulting from the stops. The reports also include information relating to each complaint filed with the agency alleging that a peace officer employed by the agency has engaged in racial profiling. An agency may be exempt from the tier two reporting requirement by applying for the funds from the Department of Public Safety for video and audio equipment and the State does not supply those funds [See 2.135 (a)(2) TCCP].

Reports should include both raw numbers and percentages for each group. Caution should be exercised in interpreting the data involving percentages because of statistical distortions caused by very small numbers in any particular category, for example, if only one American Indian is stopped and searched, that stop would not provide an accurate comparison with 200 stops among Caucasians with 100 searches. In the first case, a 100% search rate would be skewed data when compared to a 50% rate for Caucasians.

#### **Standard 4**

If a law enforcement agency has video and audio capabilities in motor vehicles regularly used for traffic stops, or audio capabilities on motorcycles regularly used to make traffic stops, the agency:

- adopts standards for reviewing and retaining audio and video documentation; and
- promptly provides a copy of the recording to a peace officer who is the subject of a complaint on written request by the officer.

#### **Commentary**

The agency should have a specific review and retention policy. Article 2.132 TCCP specifically requires that the peace officer be promptly provided with a copy of the audio or video recordings if the officer is the subject of a complaint and the officer makes a written request.

#### **Standard 5**

Agencies that do not currently have video or audio equipment must examine the feasibility of installing such equipment.

#### **Commentary**

None

#### **Standard 6**

Agencies that have video and audio recording capabilities are exempt from the reporting requirements of Article 2.134 TCCP and officers are exempt from the reporting requirements of Article 2.133 TCCP provided that:

- the equipment was in place and used during the proceeding calendar year; and
- video and audio documentation is retained for at least 90 days.

#### **Commentary**

The audio and video equipment and policy must have been in place during the previous calendar year. Audio and video documentation must be kept for at least 90 days or longer if a complaint has been filed. The documentation must be retained until the complaint is resolved. Peace officers are not exempt from the requirements under Article 2.132 TCCP.

#### **Standard 7**

Agencies have citation forms or other electronic media that comply with Section 543.202 of the Transportation Code.

#### **Commentary**

Senate Bill 1074 changed Section 543.202 of the Transportation Code requiring citations to include:

- race or ethnicity, and
- whether a search of the vehicle was conducted and whether consent for the search was obtained.

# The Texas Law on Racial Profiling

S.B. No. 1074

## AN ACT

relating to the prevention of racial profiling by certain peace officers.

BE IT ENACTED BY THE LEGISLATURE OF THE  
STATE OF TEXAS:

SECTION 1. Chapter 2, Code of Criminal Procedure, is amended by adding Articles 2.131 through 2.138 to read as follows:

Art. 2.131. RACIAL PROFILING PROHIBITED. A peace officer may not engage in racial profiling.

Art. 2.132. LAW ENFORCEMENT POLICY ON RACIAL PROFILING. (a) In this article:

(1) "Law enforcement agency" means an agency of the state, or of a county, municipality, or other political subdivision of the state, that employs peace officers who make traffic stops in the routine performance of the officers' official duties.

(2) "Race or ethnicity" means of a particular descent, including Caucasian, African, Hispanic, Asian, or Native American descent.

(b) Each law enforcement agency in this state shall adopt a detailed written policy on racial profiling. The policy must:

(1) clearly define acts constituting racial profiling;

(2) strictly prohibit peace officers employed by the agency from engaging in racial profiling;

(3) implement a process by which an individual may file a complaint with the agency if the individual believes that a peace officer employed by the agency has engaged in racial profiling with respect to the individual;

(4) provide public education relating to the agency's complaint process;

(5) require appropriate corrective action to be taken against a peace officer employed by the agency who, after an investigation, is shown to have engaged in racial profiling in violation of the agency's policy adopted under this article;

(6) require collection of information relating to traffic stops in which a citation is issued and to arrests resulting from those traffic stops, including information relating to:

(A) the race or ethnicity of the individual detained; and

(B) whether a search was conducted and, if so, whether the person detained consented to the search; and

(7) require the agency to submit to the governing body of each county or municipality served by the agency an annual report of the information collected under Subdivision (6) if the agency is an agency of a county, municipality, or other political subdivision of the state.

(c) The data collected as a result of the reporting requirements of this article shall not constitute prima facie evidence of racial profiling.

(d) On adoption of a policy under Subsection (b), a law enforcement agency shall examine the feasibility of installing video camera and transmitter-activated equipment in each agency law enforcement motor vehicle

regularly used to make traffic stops and transmitter-activated equipment in each agency law enforcement motorcycle regularly used to make traffic stops. If a law enforcement agency installs video or audio equipment as provided by this subsection, the policy adopted by the agency under Subsection (b) must include standards for reviewing video and audio documentation.

(e) A report required under Subsection (b)(7) may not include identifying information about a peace officer who makes a traffic stop or about an individual who is stopped or arrested by a peace officer. This subsection does not affect the collection of information as required by a policy under Subsection (b)(6).

(f) On the commencement of an investigation by a law enforcement agency of a complaint described by Subsection (b)(3) in which a video or audio recording of the occurrence on which the complaint is based was made, the agency shall promptly provide a copy of the recording to the peace officer who is the subject of the complaint on written request by the officer.

Art. 2.133. REPORTS REQUIRED FOR TRAFFIC AND PEDESTRIAN STOPS. (a) In this article:

(1) "Race or ethnicity" has the meaning assigned by Article 2.132(a).

(2) "Pedestrian stop" means an interaction between a peace officer and an individual who is being detained for the purpose of a criminal investigation in which the individual is not under arrest.

(b) A peace officer who stops a motor vehicle for an alleged violation of a law or ordinance regulating traffic or who stops a pedestrian for any suspected offense shall report to the law enforcement agency that employs the officer information relating to the stop, including:

(1) a physical description of each person detained as a result of the stop, including:

(A) the person's gender; and

(B) the person's race or ethnicity, as stated by the person or, if the person does not state the person's race or ethnicity, as determined by the officer to the best of the officer's ability;

(2) the traffic law or ordinance alleged to have been violated or the suspected offense;

(3) whether the officer conducted a search as a result of the stop and, if so, whether the person detained consented to the search;

(4) whether any contraband was discovered in the course of the search and the type of contraband discovered;

(5) whether probable cause to search existed and the facts supporting the existence of that probable cause;

(6) whether the officer made an arrest as a result of the stop or the search, including a statement of the offense charged;

(7) the street address or approximate location of the stop; and

(8) whether the officer issued a warning or a citation as a result of the stop, including a description of the warning or a statement of the violation charged.

Art. 2.134. COMPILATION AND ANALYSIS OF INFORMATION COLLECTED. (a) In this article, "pedestrian stop" means an interaction between a peace officer and an individual who is being detained for the purpose of a criminal investigation in which the individual is not under arrest.

(b) A law enforcement agency shall compile and analyze the information contained in each report received by the agency under Article 2.133. Not later than March 1 of each year, each local law enforcement agency shall submit a report containing the information compiled during the previous calendar year to the governing body of each county or municipality served by the agency in a manner approved by the agency.

(c) A report required under Subsection (b) must include:

(1) a comparative analysis of the information compiled under Article 2.133 to:

(A) determine the prevalence of racial profiling by peace officers employed by the agency; and

(B) examine the disposition of traffic and pedestrian stops made by officers employed by the agency, including searches resulting from the stops; and

(2) information relating to each complaint filed with the agency alleging that a peace officer employed by the agency has engaged in racial profiling.

(d) A report required under Subsection (b) may not include identifying information about a peace officer who makes a traffic or pedestrian stop or about an individual who is stopped or arrested by a peace officer. This subsection does not affect the reporting of information required under Article 2.133(b)(1).

(e) The Commission on Law Enforcement Officer Standards and Education shall develop guidelines for compiling and reporting information as required by this article.

(f) The data collected as a result of the reporting requirements of this article shall not constitute prima facie evidence of racial profiling.

Art. 2.135. EXEMPTION FOR AGENCIES USING VIDEO AND AUDIO EQUIPMENT. (a) A peace officer is exempt from the reporting requirement under Article 2.133 and a law enforcement agency is exempt from the compilation, analysis, and reporting requirements under Article 2.134 if:

(1) during the calendar year preceding the date that a report under Article 2.134 is required to be submitted:

(A) each law enforcement motor vehicle regularly used by an officer employed by the agency to make traffic and pedestrian stops is equipped with video camera and transmitter-activated equipment and each law enforcement motorcycle regularly used to make traffic and pedestrian stops is equipped with transmitter-activated equipment; and

(B) each traffic and pedestrian stop made by an officer employed by the agency that is capable of being recorded by video and audio or audio equipment, as appropriate, is recorded by using the equipment; or

(2) the governing body of the county or municipality served by the law enforcement agency, in conjunction with the law enforcement agency, certifies to the Department of Public Safety, not later than the date specified by rule by the department, that the law enforcement agency needs funds or video and audio equipment for the purpose of installing video and audio equipment as described by Subsection (a)(1)(A) and the agency does not receive from the state funds or video and audio equipment sufficient, as determined by the department, for the agency to accomplish that purpose.

(b) Except as otherwise provided by this subsection, a law enforcement agency that is exempt from the requirements under Article 2.134 shall retain the video and audio or audio documentation of each traffic and pedestrian stop for at least 90 days after the date of the stop. If a complaint is filed with the law enforcement agency alleging that a peace officer employed by the agency has engaged in racial profiling with respect to a traffic or pedestrian stop, the agency shall retain the video and audio or audio record of the stop until final disposition of the complaint.

(c) This article does not affect the collection or reporting requirements under Article 2.132.

Art. 2.136. LIABILITY. A peace officer is not liable for damages arising from an act relating to the collection or reporting of information as required by Article 2.133 or under a policy adopted under Article 2.132.

Art. 2.137. PROVISION OF FUNDING OR EQUIPMENT. (a) The Department of Public Safety shall adopt rules for providing funds or video and audio equipment to law enforcement agencies for the purpose of installing video and audio equipment as described by Article 2.135(a)(1)(A), including specifying criteria to prioritize funding or equipment provided to law enforcement agencies. The criteria may include consideration of tax effort, financial hardship, available revenue, and budget surpluses. The criteria must give priority to:

(1) law enforcement agencies that employ peace officers whose primary duty is traffic enforcement;

(2) smaller jurisdictions; and

(3) municipal and county law enforcement

agencies.

(b) The Department of Public Safety shall collaborate with an institution of higher education to identify law enforcement agencies that need funds or video and audio equipment for the purpose of installing video and audio equipment as described by Article 2.135(a)(1)(A). The collaboration may include the use of a survey to assist in developing criteria to prioritize funding or equipment provided to law enforcement agencies.

(c) To receive funds or video and audio equipment from the state for the purpose of installing video and audio equipment as described by Article 2.135(a)(1)(A), the governing body of a county or municipality, in conjunction with the law enforcement agency serving the county or municipality, shall certify to the Department of Public Safety that the law enforcement agency needs funds or video and audio equipment for that purpose.

(d) On receipt of funds or video and audio equipment from the state for the purpose of installing video and audio equipment as described by Article 2.135(a)(1)(A), the governing body of a county or municipality, in conjunction with the law enforcement agency serving the county or municipality, shall certify to the Department of Public Safety that the law enforcement agency has installed video and audio equipment as described by Article 2.135(a)(1)(A) and is using the equipment as required by Article 2.135(a)(1).

Art. 2.138. RULES. The Department of Public Safety may adopt rules to implement Articles 2.131-2.137.

SECTION 2. Chapter 3, Code of Criminal Procedure, is amended by adding Article 3.05 to read as follows:

Art. 3.05. RACIAL PROFILING. In this code, "racial profiling" means a law enforcement-initiated action based on an individual's race,

ethnicity, or national origin rather than on the individual's behavior or on information identifying the individual as having engaged in criminal activity.

SECTION 3. Section 96.641, Education Code, is amended by adding Subsection (j) to read as follows:

(j) As part of the initial training and continuing education for police chiefs required under this section, the institute shall establish a program on racial profiling. The program must include an examination of the best practices for:

(1) monitoring peace officers' compliance with laws and internal agency policies relating to racial profiling;

(2) implementing laws and internal agency policies relating to preventing racial profiling; and

(3) analyzing and reporting collected information.

SECTION 4. Section 1701.253, Occupations Code, is amended by adding Subsection (e) to read as follows:

(e) As part of the minimum curriculum requirements, the commission shall establish a statewide comprehensive education and training program on racial profiling for officers licensed under this chapter. An officer shall complete a program established under this subsection not later than the second anniversary of the date the officer is licensed under this chapter or the date the officer applies for an intermediate proficiency certificate, whichever date is earlier.

SECTION 5. Section 1701.402, Occupations Code, is amended by adding Subsection (d) to read as follows:

(d) As a requirement for an intermediate proficiency certificate, an officer must complete an education and training program on racial profiling established by the commission under Section 1701.253(e).

SECTION 6. Section 543.202, Transportation Code, is amended to read as follows:

Sec. 543.202. FORM OF RECORD. (a) In this section, "race or ethnicity" means of a particular descent, including Caucasian, African, Hispanic, Asian, or Native American descent.

(b) The record must be made on a form or by a data processing method acceptable to the department and must include:

- (1) the name, address, physical description, including race or ethnicity, date of birth, and driver's license number of the person charged;
- (2) the registration number of the vehicle involved;
- (3) whether the vehicle was a commercial motor vehicle as defined by Chapter 522 or was involved in transporting hazardous materials;
- (4) the person's social security number, if the person was operating a commercial motor vehicle or was the holder of a commercial driver's license or commercial driver learner's permit;
- (5) the date and nature of the offense, including whether the offense was a serious traffic violation as defined by Chapter 522;
- (6) whether a search of the vehicle was conducted and whether consent for the search was obtained;
- (7) the plea, the judgment, and whether bail was forfeited;
- (8) ~~(7)~~ the date of conviction; and
- (9) ~~(8)~~ the amount of the fine or forfeiture.

SECTION 7. Not later than January 1, 2002, a law enforcement agency shall adopt and implement a policy and begin collecting information under the policy as required by Article 2.132, Code of Criminal Procedure, as added by this Act. A local law enforcement agency shall first submit information to the governing body of each county or municipality served by the agency as required by Article 2.132, Code of Criminal Procedure, as added by this Act, on March 1, 2003. The first submission of information shall consist of information compiled by the agency during the period beginning January 1, 2002, and ending December 31, 2002.

SECTION 8. A local law enforcement agency shall first submit information to the governing body of each county or municipality served by the agency as required by Article 2.134, Code of Criminal Procedure, as added by this Act, on March 1, 2004. The first submission of information shall consist of information compiled by the agency during the period beginning January 1, 2003, and ending December 31, 2003.

SECTION 9. Not later than January 1, 2002:

(1) the Commission on Law Enforcement Officer Standards and Education shall establish an education and training program on racial profiling as required by Subsection (e), Section 1701.253, Occupations Code, as added by this Act; and

(2) the Bill Blackwood Law Enforcement Management Institute of Texas shall establish a program on racial profiling as required by Subsection (j), Section 96.641, Education Code, as added by this Act.

SECTION 10. A person who on the effective date of this Act holds an intermediate proficiency certificate issued by the Commission on Law Enforcement Officer Standards and Education or has held a peace officer license

issued by the Commission on Law Enforcement Officer Standards and Education for at least two years shall complete an education and training program on racial profiling established under Subsection (e), Section 1701.253, Occupations Code, as added by this Act, not later than September 1, 2003.

SECTION 11. An individual appointed or elected as a police chief before the effective date of this Act shall complete a program on racial profiling established under Subsection (j), Section 96.641, Education Code, as added by this Act, not later than September 1, 2003.

SECTION 12. This Act takes effect September 1, 2001.

# Kemah Police Department Policy on Racial Profiling

## CHAPTER 34

### RACIAL PROFILING POLICY

#### *SECTION 1 POLICY*

#### **This Racial Profiling Policy is adopted in compliance with the requirements of**

Articles 2.131 through 2.136, Texas Code of Criminal Procedure, which prohibits Texas peace officers from engaging in racial profiling.

#### *SECTION 2 DEFINITIONS*

- A. Racial Profiling means a law enforcement-initiated action based on an individual's race, ethnicity, or national origin rather than on the individual's behavior or on information identifying the individual as having engaged in criminal activity. Racial profiling pertains to persons who are viewed as suspects or potential suspects of criminal behavior. The term is not relevant as it pertains to witnesses, complainants, persons needing assistance, or other citizen contacts.
- B. Race or Ethnicity means of a particular descent, including Caucasian, African, Hispanic, Asian, or Native American.

#### **SECTION 3 PROHIBITION**

Peace officers of the City of Kemah are strictly prohibited from engaging in racial profiling. The prohibition against racial profiling does not preclude the use of race, ethnicity, or national origin as factors in a detention decision by a peace officer. Race, ethnicity, or national origin may be legitimate factors in such a decision when used as part of a description of a suspect or witness for whom a peace officer is searching.

#### **SECTION 4 COMPLAINT PROCESS**

- A. Any person who believes that a peace officer employed by the City of Kemah has engaged in racial profiling with respect to that person, may file a complaint with the City and no person shall be discouraged,

intimidated, or coerced from filing such a complaint, or be discriminated against because they have filed such a complaint. The City shall accept and investigate citizen complaints alleging racial profiling by its peace officers. Such complaints shall be in writing and should include the time, place, and details of the incident of alleged racial profiling, the identity or description of the peace officer or officers involved, and the identity and manner of contacting the complainant.

- B. Any peace officer, city employee, or city official who receives a citizen complaint alleging racial profiling shall forward the complaint to the Chief of Police within 12 hours of receipt. Receipt of each complaint shall be acknowledged to the complainant in writing. All such complaints shall be reviewed and investigated by the Chief of Police or his designee. The investigation shall seek to determine if the officer who is the subject of the complaint has engaged in a pattern (multiple acts) of racial profiling for which there is no reasonable, credible explanation based on established police and law enforcement procedures. A single act may not be considered a pattern of racial profiling, and may not be grounds for corrective action.
- C. In the event that a complaint of racial profiling filed by an individual involves an occurrence that was recorded on audio or video, the investigator shall, upon written request provide a copy of the recording to the peace officer that is the subject of the complaint.

## **SECTION 5                      CORRECTIVE ACTION**

Any peace officer who is found to have engaged in racial profiling in violation of this policy shall be subject to corrective action, which may include reprimand; diversity, sensitivity or other appropriate training or counseling; unpaid suspension; termination of employment, or other appropriate action as determined by the Chief of Police.

***END OF SECTION***

# **Complaint Process: Informing the Public and Addressing Allegations of Racial Profiling Practices**

Since January 1, 2002, the Kemah Police Department, in accordance to The Texas Racial Profiling law, launched an educational campaign aimed at informing the public on issues relevant to the complaint process. The police department made available, in our police department lobby, information relevant to filing a complaint on a racial profiling violation by a Kemah police officer.

The Kemah Police Department included language, in its current complaint process, pertaining to the manner in which citizens can file a complaint as a consequence of a racial profiling incident. It is believed that through these efforts, the community has been properly informed of the new policies and the complaint processes relevant to racial profiling.

## **Racial Profiling Training**

### **Racial Profiling Training**

Since 2002, all Kemah police officers were instructed, as specified in S.B. 1074, to adhere to all Texas Commission on Law Enforcement (TCOLE) training and the Law Enforcement Management Institute of Texas (LEMIT) requirements. To date, all sworn officers of the Kemah Police Department have completed the TCOLE basic training. The main outline used to train the officers of Kemah has been included in this report.

It is important to recognize that the Chief of the Kemah Police Department has also met the training requirements, as specified by the Texas Racial Profiling Law, in the completion of the LEMIT program on racial profiling. The satisfactory completion of the racial profiling training by the sworn personnel of the Kemah Police Department fulfills the training requirement as specified in the Education Code (96.641) of the Texas Racial Profiling Law.

**Instructor's Note:**

You may wish to teach this course in conjunction with Asset Forfeiture 3255 because of the related subject matter and applicability of the courses. If this course is taught in conjunction with Asset Forfeiture, you may report it under Combined Profiling and Forfeiture 3257 to reduce data entry.

**Abstract**

This instructor guide is designed to meet the educational requirement for racial profiling established by legislative mandate: 77R-SB1074.

**Target Population:** Licensed law enforcement personnel in Texas

**Prerequisites:** Experience as a law enforcement officer

**Length of Course:** A suggested instructional time of 4 hours

**Material Requirements:** Overhead projector, chalkboard and/or flip charts, video tape player, handouts, practical exercises, and demonstrations

**Instructor Qualifications:** Instructors should be very knowledgeable about traffic stop procedures and law enforcement issues

**Evaluation Process and Procedures**

An examination should be given. The instructor may decide upon the nature and content of the examination. It must, however, sufficiently demonstrate the mastery of the subject content by the student.

**Reference Materials**

Reference materials are located at the end of the course. An electronic copy of this instructor guide may be downloaded from our web site at <http://www.tcole.state.tx.us>.

**2.0 RACIAL PROFILING AND THE COMMUNITY**

**2.1 UNIT GOAL: The student will be able to identify logical and social arguments against racial profiling.**

**2.1.1 LEARNING OBJECTIVE: The student will be able to identify logical and social arguments against racial profiling.**

A. There are appropriate reasons for unusual traffic stops (suspicious behavior, the officer's intuition, MOs, etc.), but police work must stop short of cultural stereotyping and racism

B. Racial profiling would result in criminal arrests, but only because it would target all members of a race randomly – the minor benefits would be far outweighed by the distrust and anger towards law enforcement by minorities and the public as a whole

C. Racial profiling is self-fulfilling bad logic: if you believed that minorities committed more crimes, then you might look for more minority criminals, and find them in disproportionate numbers

D. Inappropriate traffic stops generate suspicion and antagonism towards officers and make future stops more volatile – a racially-based stop today can throw suspicion on tomorrow's legitimate stop

E. By focusing on race, you would not only be harassing innocent citizens, but overlooking criminals of all races and backgrounds – it is a waste of law enforcement resources

**3.0 RACIAL PROFILING VERSUS REASONABLE SUSPICION**

**3.1 UNIT GOAL: The student will be able to identify the elements of both inappropriate and appropriate traffic stops.**

**3.1.1 LEARNING OBJECTIVE: The student will be able to identify elements of a racially motivated traffic stop.**

A. Most race-based complaints come from vehicle stops, often since race is used as an inappropriate substitute for drug courier profile elements

B. "DWB" – "Driving While Black" – a nickname for the public perception that a Black person may be stopped solely because of their race (especially with the suspicion that they are a drug courier), often extended to other minority groups or activities as well ("Driving While Brown," "Flying While Black," etc.)

C. A typical traffic stop resulting from racial profiling

1. The vehicle is stopped on the basis of a minor or contrived traffic violation which is used as a pretext for closer inspection of the vehicle, driver, and passengers

2. The driver and passengers are questioned about things that do not relate to the traffic violation

3. The driver and passengers are ordered out of the vehicle
4. The officers visually check all observable parts of the vehicle
5. The officers proceed on the assumption that drug courier work is involved by detaining the driver and passengers by the roadside
6. The driver is asked to consent to a vehicle search – if the driver refuses, the officers use other procedures (waiting on a canine unit, criminal record checks, license-plate checks, etc.), and intimidate the driver (with the threat of detaining him/her, obtaining a warrant, etc.)

**3.1.2 LEARNING OBJECTIVE: The student will be able to identify elements of a traffic stop which would constitute reasonable suspicion of drug courier activity.**

- A. Drug courier profile (adapted from a profile developed by the DEA)
1. Driver is nervous or anxious beyond the ordinary anxiety and cultural communication styles
  2. Signs of long-term driving (driver is unshaven, has empty food containers, etc.)
  3. Vehicle is rented
  4. Driver is a young male, 20-35
  5. No visible luggage, even though driver is traveling
  6. Driver was over-reckless or over-cautious in driving and responding to signals
  7. Use of air fresheners
- B. Drug courier activity indicators by themselves are usually not sufficient to justify a stop

**3.1.3 LEARNING OBJECTIVE: The student will be able to identify elements of a traffic stop which could constitute reasonable suspicion of criminal activity.**

- A. Thinking about the totality of circumstances in a vehicle stop
- B. Vehicle exterior
1. Non-standard repainting (esp. on a new vehicle)
  2. Signs of hidden cargo (heavy weight in trunk, windows do not roll down, etc.)
  3. Unusual license plate suggesting a switch (dirty plate, bugs on back plate, etc.)
  4. Unusual circumstances (pulling a camper at night, kids' bikes with no kids, etc.)
- C. Pre-stop indicators
1. Not consistent with traffic flow
  2. Driver is overly cautious, or driver/passengers repeatedly look at police car
  3. Driver begins using a car- or cell-phone when signaled to stop

4. Unusual pull-over behavior (ignores signals, hesitates, pulls onto new street, moves objects in car, etc.)

D. Vehicle interior

1. Rear seat or interior panels have been opened, there are tools or spare tire, etc.
2. Inconsistent items (anti-theft club with a rental, unexpected luggage, etc.)

### 2013 Contacts

### 2013 Searches

### 2013 Arrests

## **Report on Complaints**

The Kemah Police Department had no complaints during the time period of 1/1/13-12/31/13, based on allegations outlining possible violations related to the Texas Racial Profiling Law.

### **Analysis and Interpretation of Data**

The Texas Racial Profiling Law requires that all police departments in Texas collect data when a traffic-related citation is issued or an arrest is made. In addition, the law requires that agencies report this information to their local governing authority once a year by March 1. The purpose in collecting and presenting this information is to determine if a particular police officer is engaging in the practice of profiling minority motorists. Despite the fact most agree that it is good practice for police departments to be accountable to their community, it is very difficult to determine, from the review of aggregate data, if police departments are engaging in racial profiling. That is, it is challenging to detect specific “individual” racist behavior from the study and analysis of aggregate-level “institutional” data on traffic-related contacts.

Despite this, the Kemah Police Department, in response to the requirements of The Texas Racial Profiling Law (S.B. 1074), reported and analyzed its 2013 traffic contact data. Thus, analyses were conducted. The first of these involved a careful evaluation of the 2013 traffic-stop data. This particular analysis measured, as required by the Texas Racial Profiling Law, the number and percentage of Caucasians, African Americans, Hispanics, Asians, Native Americans, and individuals belonging to the “other” category, that came in contact with the police and were issued a traffic-related citation or arrested in 2013. In addition, the analysis included information relevant to the number and percentage of searches (table 1) conducted. Finally, the data analysis highlighted the number and percentage of individuals who, after they were issued a citation, were subsequently arrested.

Finally, a type of analysis was conducted while using the 2004-2013 traffic contact data. Specifically, all traffic-related contacts made in 2013 were compared to similar figures reported from 2004 to 2013. When considering this analysis, it was determined that comparing ten years of traffic contact data may highlight possible areas of consistency with regards to traffic-related contacts. In other words, the ten-year comparison has the potential of revealing indicators that a trend of police-initiated contacts with regards to members of a specific minority group, is in fact, developing.

### Tier 1 (2013) Traffic-Related Contact Analysis

The Tier 1 data collected in 2013 showed that the Kemah Police Department does not currently experience a problem regarding racial profiling practices. This is supported by the fact that it received no complaints regarding Racial Profiling.

### Ten-Year Comparison

The ten-year comparison (04-13) showed similarities with respect to the traffic-related contacts. The percentage of drivers does not change radically from year to year.

## **SUMMARY**

The findings suggest that the Kemah Police Department does not currently experience a problem regarding racial profiling practices. The department has had no complaints from community members or visitors regarding officers misconduct associated with racial profiling practices. A total of 2262 traffic contacts were made for the year 2013. Out of the 2262 only 115 were Kemah residents.

The continuing effort to collect police contact data will assure an on-going evaluation of the Kemah Police Department practices. Thus, allowing for the citizens and visitors of the community to benefit from professional and courteous service from their police department.
