Austin, TX 78723

Dear Sir or Ma'am:

The Cleburne Police Department uses a third party vendor to store the data collected for our annual racial profiling report. As we were compiling data for the 2011 report, we discovered that all of our data was not accounted for. After consulting with the third party vendor, it was discovered that the data related to 1585 stops had not been properly saved in their files. The vendor was unable to recover the data related to the race and gender of the individuals stopped because it was not saved. The other data related to the stops was available. An analysis of this data showed the following:

Citations only	1188		
Arrests	397		
	Total Stops	1585	
Search Conducted?			
Yes	247		
No	1338		
	Total	1585	
Search Consensual?			
Yes	88		
No	159		
	Total	247	

This information combined with the electronically submitted report, brings the total for the number of stops for the Cleburne Police Department for the 2011 Racial Profiling Report to – 8,177.

I assure you that the issue with the vendor has been addressed and we will be monitoring the data more closely throughout the coming year.

If you have any questions or concerns, please feel free to contact me.

Sincerely,

Chief T.D. Powell  
Cleburne Police Department

February 15, 2012

Terry D. Powell  
Chief of Police  
Cleburne Police Department

Dear Chief Powell,

As you know, Brazos Technology provides the Cleburne Police Department with the ability to track the racial profiling data for paper citations and arrests where no citation was written. While we have provided this solution to your City for over 4 years, we have discovered an issue with the 2011 data that has resulted in the loss of the race and sex information for 1,585 incidents (398 arrests with no citation and 1,187 citations). The problem has been corrected but we are unable to recover this information.

I sincerely apologize for this problem and for any inconvenience and/or issues that it causes you or your department.

If you have any questions or would like to speak about this at any time, please don't hesitate to contact me directly.

Thank you for your business over the years, and we will make sure this does not occur again.

Sincerely,

Michael McAleer  
President  
Brazos Technology
