

# TYLER JUNIOR COLLEGE

A QUALITY EDUCATION • A VIBRANT STUDENT LIFE • COMMUNITY SERVICE

DATE: February 20, 2013  
TO: Dr. Thomas Johnson, Executive Director Public Safety  
FROM: Randy Melton, Director Campus Police  
SUBJECT: Citizen Contact Data Report for 2012

Since January 1, 2002, Tyler Junior College Campus Police, in accordance with the Texas Racial Profiling Law (Senate Bill No. 1074), has been collecting police contact data for the purpose of identifying/responding (if necessary) to concerns regarding racial profiling practices. Senate Bill 1074 mandates that law enforcement agencies in the state of Texas comply with the provisions as set forth in Article 2.132, 2.133, 2.133, and 2.134 of the Texas Code of Criminal Procedure. Law enforcement agencies must now annually report detailed statistics concerning the race of individuals who are stopped and searched in their jurisdictions. Senate Bill 1074 requires Texas law enforcement agencies to collect traffic stop data and to annually report the data to the governing body of the agency. This report reflects motor vehicle stop data of Campus Police for the calendar year 2012 and is presented to the President and Board of Trustees for its review.

Campus Police's written policy on racial profiling clearly defines acts that constitute racial profiling, strictly prohibits officers from engaging in such, and provides a process by which individuals may file a complaint if they believe they have been stopped or searched by a peace officer based solely on their race, ethnicity, or national origin

This report is also submitted to the Texas Commission on Law Enforcement Officer Standards and Education (TCLEOSE) as required by House Bill 3389 of the 81<sup>st</sup> Legislature. The information contained in this report complies with the Tier 2 fully reporting category. The Tier 2 fully reporting category is for police agencies with no video or audio recording equipment in their motor vehicles.

**What is Racial Profiling?** Racial Profiling is defined in the Texas Code of Criminal Procedure Article 3.05 as "a law enforcement-initiated action based on an individual's race, ethnicity, or national origin rather than on the individual's behavior or on information identifying the individual as having engaged in criminal activity".

## **Definitions**

**Traffic Stop-** An interaction between a peace officer and an individual who is being detained for the purpose of a criminal investigation in which the individual is not under arrest.

**Background** This is the tenth year for the reporting of police contact data under Senate Bill 1074. Campus Police have complied with all the statutory requirements including establishing a written policy, the collection of required information, and all officers have successfully completed the mandated training and education program as required by the Texas Commission on Law Enforcement Officer Standards and Education (TCLEOSE).

**Data Collection Issues** Police agencies are required to report data from traffic contacts.

**Report on Complaints** For the period January 1, 2012 through December 31, 2012, there were **no** complaints filed against a Campus Police Officer for violating Racial Profiling Policy.

**Overview of 2012 Stop Data** In 2012 Campus Police initiated 250 traffic related stops up from the 155 contacts in 2011. The campus is located off of a State Highway (64E) and near a business and residential district. Table 1 shows the total number of stops by Race/ethnicity and the detention disposition. Every motorist stopped by a Campus Police received a citation/ticket. Table 2 indicates reasons for the traffic stop (i.e. hazardous traffic violation, non-hazardous traffic violation, city ordinance violations). Fifty-eight (58%) percent of the traffic stops were for offenses considered “moving” traffic violations and twenty-nine (29%) percent were for vehicle traffic violations (equipment, inspection, registration). During 2011, the City of Tyler traffic department installed two additional stop signs on Palmer Street and installed a No Left Turn Sign at the intersection of Baxter-Fifth St. These new traffic signs on the two public streets adjacent to campus and through the middle of campus were the location and the reason for numerous traffic related violations observed by Campus Police officers. Table 3 provides information regarding the Gender of contacted individuals. Roughly three-fourths of the individuals stopped by Campus Police were males. Table 4 contains the latest U.S. Census demographic profile from Smith County Census track nine, block group three. The table indicates that an equal number of Whites and African Americans live in close proximity to the main campus. Table 5 contains the 2010 census demographic summary for the City of Tyler. Table 6 indicates the Spring 2012 student Headcount for Tyler Junior College students by ethnicity. Table 7 shows the Fall 2012 student Headcount for Tyler Junior College by ethnicity.

In 2011 Campus Safety Officers conducted a total of 155 traffic related stops. The 250 contacts made in 2012 are an increase of 95 contacts over the previous time frame.

**Summary** The Texas Racial Profiling Law requires that all police departments in the State collect citizen contact data and report this information to their local governing authority. The purpose of the reporting is to determine if peace officers engage in the practice of profiling minority individuals. It is very difficult to determine from figures if a specific officer has engaged in acts of racial profiling. During 2012, Campus Police eliminated several non-sworn security positions and replaced them with peace officer positions. Last year the department had a total of seventeen (17) sworn peace officer positions. The combined total of citations issued would average about 15 traffic stops per campus police officer. The number of traffic related stops in 2012 increased by 62% from the 155 traffic related stops in 2011.

Currently there is no single baseline measurement for a definitive comparison. Cities and Counties may use census data that contains information on residents of a defined geographic area. However, census data presents a challenge for comparison for campus police agencies due to their limited geographic areas of responsibility. Information captured on individuals in and around a college campus may not be representative of the general demographics of a City or County. For 2012 due to the extreme low number of citizen contacts, no valid comparisons can be made.

Tyler Junior College Campus Police Department continues to address the issue of racial profiling. Campus Police are committed at identifying and addressing (if necessary) areas of concern with respect to the profiling of minority individuals. Campus Police strives to continue our efforts toward providing professional police services to all individuals. Our main objective is to maintain a safe and orderly environment for our students, employees, and visitors.

## DEMOGRAPHIC SUMMARY

The following table provides a quick summary of the most requested Census 2010 demographic data. Links to more detailed Census information is available below this section.

Attribute	City of Tyler	Tyler MSA	Texas
<b>Population</b>	96,900	209,714	25,145,561
<b>Under 19</b>	23,582	53,796	6,865,824
<b>20 to 34 Years</b>	23,130	42,489	5,430,552
<b>35 to 54 Years</b>	16,552	39,077	5,218,849
<b>55 to 64 Years</b>	15,466	37,487	4,272,560
<b>65 Years or Over</b>	13,990	29,851	2,601,886
<b>Male</b>	47.1%	48.4%	49.6%
<b>Female</b>	52.9%	51.6%	50.4%
<b>Median Age</b>	34.1	35.5	33.6
<b>Median Household Income</b>	\$48,199	\$46,127	\$48,286
<b>Per Capita Income</b>	\$25,233	\$24,130	\$24,318
<b>One Race</b>	98.2%	98.3%	97.5%
<b>Two or More Races</b>	2.0%	1.9%	2.7%
<b>White</b>	60.5%	70.1%	70.3%
<b>Black/African American</b>	24.7%	17.9%	11.8%
<b>Asian</b>	1.8%	1.2%	3.8%
<b>American Indian/Alaska Native</b>	0.5%	0.5%	0.6%
<b>Other</b>	10.2%	8.1%	10.5%
<b>Hispanic/Latino Ethnicity</b>	21.1%	17.2%	37.6%

TIP: You will notice that if you add all the individual race categories with the category "Hispanic/Latino Ethnicity", the total percentage will exceed 100%. This is caused by the fact that the Census does not consider "Hispanic/Latino Ethnicity" as a race, but rather an ethnicity.
