# Annual Contact Report 2013

The Mount Pleasant Police Department

# **(I) Introduction**

# Opening Statement

January 8, 2014

Mount Pleasant City Council  
501 North Madison Avenue.  
Mount Pleasant, Texas 75455

Dear Distinguished Members of the City Council,

The Texas Legislature, with the intent of addressing the issue of racial profiling in policing, enacted the Texas Racial Profiling Law in 2001. Since, the Mount Pleasant Police Department, in accordance with the law, has collected and reported traffic and motor vehicle-related contact data for the purpose of identifying and addressing (if necessary) areas of concern regarding racial profiling practices. In the 2009 Texas legislative session, the Racial Profiling Law was modified and additional requirements are now in place. These most recent requirements have been incorporated by the Mount Pleasant Police Department and are also being addressed in this report.

In this report, you will find three sections that contain information on traffic and motor vehicle- related contact data. In addition, when appropriate, documentation is also a component of this report, aiming at demonstrating the manner in which the Mount Pleasant Police Department has complied with the Texas Racial Profiling Law. In section 1, you will find the table of contents in addition to the Texas Senate Bill (SB1074); which later became the Texas Racial Profiling Law. In addition, you will find the Texas HB 3389, which, in 2009, introduced new requirements relevant to racial profiling. Also, in this section, a list of requirements relevant to the Racial Profiling Law as established by TCOLE (Texas Commission on Law Enforcement) is included. In addition, you will find, in sections 2 and 3 documentation, which demonstrates compliance by the Mount Pleasant Police Department relevant to the requirements as established in the Texas Racial Profiling Law. That is, you will find documents relevant to the implementation of an institutional policy banning racial profiling, the incorporation of a racial profiling complaint process and the training administered to all law enforcement personnel.

The last section of this report provides statistical data relevant to contacts, made during the course of motor vehicle stops, between 1/1/13 and 12/31/13. In addition, this section contains the TCOLE Tier 1 form, which is required to be submitted to this particular organization by March 1<sup>st</sup> of each year. The data in this report has been analyzed and compared to data derived from the U.S. Census Bureau's Fair Roads Standard. The final analysis and recommendations are also included in this report. The findings in this report serve as evidence of the Mount Pleasant Police Department's commitment to comply with the Texas Racial Profiling Law.

Sincerely,

Alex del Carmen, Ph.D.

# **TCOLE GUIDELINES**

## Guidelines for Compiling and Reporting Data under Senate Bill 1074

### Background

Senate Bill 1074 of the 77<sup>th</sup> Legislature established requirements in the Texas Code of Criminal Procedure (TCCP) for law enforcement agencies. The Commission developed this document to assist agencies in complying with the statutory requirements.

The guidelines are written in the form of standards using a style developed from accreditation organizations including the Commission on Accreditation for Law Enforcement Agencies (CALEA). The standards provide a description of *what* must be accomplished by an agency but allows wide latitude in determining *how* the agency will achieve compliance with each applicable standard.

Each standard is composed of two parts: the standard statement and the commentary. The *standard statement* is a declarative sentence that places a clear-cut requirement, or multiple requirements, on an agency. The commentary supports the standard statement but is not binding. The commentary can serve as a prompt, as guidance to clarify the intent of the standard, or as an example of one possible way to comply with the standard.

### Standard 1

Each law enforcement agency has a detailed written directive that:

- clearly defines acts that constitute racial profiling;
- strictly prohibits peace officers employed by the agency from engaging in racial profiling;
- implements a process by which an individual may file a complaint with the agency if the individual believes a peace officer employed by the agency has engaged in racial profiling with respect to the individual filing the complaint;
- provides for public education relating to the complaint process;
- requires appropriate corrective action to be taken against a peace officer employed by the agency who, after investigation, is shown to have engaged in racial profiling in violation of the agency's written racial profiling policy; and
- requires the collection of certain types of data for subsequent reporting.

### Commentary

Article 2.131 of the TCCP prohibits officers from engaging in racial profiling, and article 2.132 of the TCCP now requires a written policy that contains the elements listed in this standard. The article also specifically defines a law enforcement agency as it applies to this statute as an “agency of the state, or of a county, municipality, or other political subdivision of the state, that employs peace officers who make traffic stops in the routine performance of the officers’ official duties.”

The article further defines race or ethnicity as being of “a particular descent, including Caucasian, African, Hispanic, Asian, or Native American.” The statute does not limit the required policies to just these ethnic groups.

This written policy is to be adopted and implemented no later than January 1, 2002.

## **Standard 2**

Each peace officer who stops a motor vehicle for an alleged violation of a law or ordinance regulating traffic, or who stops a pedestrian for any suspected offense reports to the employing law enforcement agency information relating to the stop, to include:

- a physical description of each person detained, including gender and the person's race or ethnicity, as stated by the person, or, if the person does not state a race or ethnicity, as determined by the officer's best judgment;
- the traffic law or ordinance alleged to have been violated or the suspected offense;
- whether the officer conducted a search as a result of the stop and, if so, whether the person stopped consented to the search;
- whether any contraband was discovered in the course of the search, and the type of contraband discovered;
- whether probable cause to search existed, and the facts supporting the existence of that probable cause;
- whether the officer made an arrest as a result of the stop or the search, including a statement of the offense charged;
- the street address or approximate location of the stop; and
- whether the officer issued a warning or citation as a result of the stop, including a description of the warning or a statement of the violation charged.

## **Commentary**

The information required by 2.133 TCCP is used to complete the agency reporting requirements found in Article 2.134. A peace officer and an agency may be exempted from this requirement under Article 2.135 TCCP Exemption for Agencies Using Video and Audio Equipment. An agency may be exempt from this reporting requirement by applying for the funds from the Department of Public Safety for video and audio equipment and the State does not supply those funds. Section 2.135 (a)(2) states, "the governing body of the county or municipality served by the law enforcement agency, in conjunction with the law enforcement agency, certifies to the Department of Public Safety, not later than the date specified by rule by the department, that the law enforcement agency needs funds or video and audio equipment for the purpose of installing video and audio equipment as described by Subsection (a) (1) (A) and the agency does not receive from the state funds for video and audio equipment sufficient, as determined by the department, for the agency to accomplish that purpose."

## **Standard 3**

The agency compiles the information collected under 2.132 and 2.133 and analyzes the information identified in 2.133.

## **Commentary**

Senate Bill 1074 from the 77<sup>th</sup> Session of the Texas Legislature created requirements for law enforcement agencies to gather specific information and to report it to each county or municipality served. New sections of law were added to the Code of Criminal Procedure regarding the reporting of traffic and pedestrian stops. Detained is defined as when a person stopped is not free to leave.

Article 2.134 TCCP requires the agency to compile and provide and analysis of the information collected by peace officer employed by the agency. The report is provided to the governing body of the municipality or county no later than March 1 of each year and covers the previous calendar year.

There is data collection and reporting required based on Article 2.132 CCP (tier one) and Article 2.133 CCP (tier two).

The minimum requirements for “tier one” data for traffic stops in which a citation results are:

- 1) the race or ethnicity of individual detained (race and ethnicity as defined by the bill means of “a particular descent, including Caucasian, African, Hispanic, Asian, or Native American”);
- 2) whether a search was conducted, and if there was a search, whether it was a consent search or a probable cause search; and
- 3) whether there was a custody arrest.

The minimum requirements for reporting on “tier two” reports include traffic and pedestrian stops. Tier two data include:

- 1) the detained person’s gender and race or ethnicity;
- 2) the type of law violation suspected, e.g., hazardous traffic, non-hazardous traffic, or other criminal investigation (the Texas Department of Public Safety publishes a categorization of traffic offenses into hazardous or non-hazardous);
- 3) whether a search was conducted, and if so whether it was based on consent or probable cause;
- 4) facts supporting probable cause;
- 5) the type, if any, of contraband that was collected;
- 6) disposition of the stop, e.g., arrest, ticket, warning, or release;
- 7) location of stop; and
- 8) statement of the charge, e.g., felony, misdemeanor, or traffic.

Tier one reports are made to the governing body of each county or municipality served by the agency an annual report of information if the agency is an agency of a county, municipality, or other political subdivision of the state. Tier one and two reports are reported to the county or municipality not later than March 1 for the previous calendar year beginning March 1, 2003. Tier two reports include a comparative analysis between the race and ethnicity of persons detained to see if a differential pattern of treatment can be discerned based on the disposition of stops including searches resulting from the stops. The reports also include information relating to each complaint filed with the agency alleging that a peace officer employed by the agency has engaged in racial profiling. An agency may be exempt from the tier two reporting requirement by applying for the funds from the Department of Public Safety for video and audio equipment and the State does not supply those funds [See 2.135 (a)(2) TCCP].

Reports should include both raw numbers and percentages for each group. Caution should be exercised in interpreting the data involving percentages because of statistical distortions caused by very small numbers in any particular category, for example, if only one American Indian is stopped and searched, that stop would not provide an accurate comparison with 200 stops among Caucasians with 100 searches. In the first case, a 100% search rate would be skewed data when compared to a 50% rate for Caucasians.

#### **Standard 4**

If a law enforcement agency has video and audio capabilities in motor vehicles regularly used for traffic stops, or audio capabilities on motorcycles regularly used to make traffic stops, the agency:

- adopts standards for reviewing and retaining audio and video documentation; and
- promptly provides a copy of the recording to a peace officer who is the subject of a complaint on written request by the officer.

#### **Commentary**

The agency should have a specific review and retention policy. Article 2.132 TCCP specifically requires that the peace officer be promptly provided with a copy of the audio or video recordings if the officer is the subject of a complaint and the officer makes a written request.

**Standard 5**

Agencies that do not currently have video or audio equipment must examine the feasibility of installing such equipment.

**Commentary**

None

**Standard 6**

Agencies that have video and audio recording capabilities are exempt from the reporting requirements of Article 2.134 TCCP and officers are exempt from the reporting requirements of Article 2.133 TCCP provided that:

- the equipment was in place and used during the proceeding calendar year; and
- video and audio documentation is retained for at least 90 days.

**Commentary**

The audio and video equipment and policy must have been in place during the previous calendar year. Audio and video documentation must be kept for at least 90 days or longer if a complaint has been filed. The documentation must be retained until the complaint is resolved. Peace officers are not exempt from the requirements under Article 2.132 TCCP.

**Standard 7**

Agencies have citation forms or other electronic media that comply with Section 543.202 of the Transportation Code.

**Commentary**

Senate Bill 1074 changed Section 543.202 of the Transportation Code requiring citations to include:

- race or ethnicity, and
- whether a search of the vehicle was conducted and whether consent for the search was obtained.

# **The Texas Law on Racial Profiling**

AN ACT

relating to the prevention of racial profiling by certain peace officers.

BE IT ENACTED BY THE LEGISLATURE OF THE  
STATE OF TEXAS:

SECTION 1. Chapter 2, Code of Criminal Procedure, is amended by adding Articles 2.131 through 2.138 to read as follows:

Art. 2.131. RACIAL PROFILING PROHIBITED. A peace officer may not engage in racial profiling.

Art. 2.132. LAW ENFORCEMENT POLICY ON RACIAL PROFILING. (a) In this article:

(1) "Law enforcement agency" means an agency of the state, or of a county, municipality, or other political subdivision of the state, that employs peace officers who make traffic stops in the routine performance of the officers' official duties.

(2) "Race or ethnicity" means of a particular descent, including Caucasian, African, Hispanic, Asian, or Native American descent.

(b) Each law enforcement agency in this state shall adopt a detailed written policy on racial profiling. The policy must:

(1) clearly define acts constituting racial profiling;

(2) strictly prohibit peace officers employed by the agency from engaging in racial profiling;

(3) implement a process by which an individual may file a complaint with the agency if the individual believes that a peace officer employed by the agency has engaged in racial profiling with respect to the individual;

(4) provide public education relating to the agency's complaint process;

(5) require appropriate corrective action to be taken against a peace officer employed by the agency who, after an investigation, is shown to have engaged in racial profiling in violation of the agency's policy adopted under this article;

(c) The data collected as a result of the reporting requirements of this article shall not constitute prima facie evidence of racial profiling.

(d) On adoption of a policy under Subsection (b), a law enforcement agency shall examine the feasibility of installing video camera and transmitter-activated equipment in each agency law enforcement motor vehicle regularly used to make traffic stops and transmitter-activated equipment in each agency law enforcement motorcycle regularly used to make traffic stops. If a law enforcement agency installs video or audio equipment as provided by this subsection, the policy

adopted by the agency under Subsection (b) must include standards for reviewing video and audio documentation.

(e) A report required under Subsection (b)(7) may not include identifying information about a peace officer who makes a traffic stop or about an individual who is stopped or arrested by a peace officer. This subsection does not affect the collection of information as required by a policy under Subsection (b)(6).

(f) On the commencement of an investigation by a law enforcement agency of a complaint described by Subsection (b)(3) in which a video or audio recording of the occurrence on which the complaint is based was made, the agency shall promptly provide a copy of the recording to the peace officer who is the subject of the complaint on written request by the officer.

(1) a physical description of each person detained as a result of the stop, including:

(A) the person's gender; and

(B) the person's race or ethnicity, as stated by the person or, if the person does not state the person's race or ethnicity, as determined by the officer to the best of the officer's ability;

(2) the traffic law or ordinance alleged to have been violated or the suspected offense;

Not later than March 1 of each year, each local law enforcement agency shall submit a report containing the information compiled during the previous calendar year to the governing

body of each county or municipality served by the agency in a manner approved by the agency.

(c) A report required under Subsection (b) must include:

(1) a comparative analysis of the information compiled under Article 2.133 to:

(A) determine the prevalence of racial profiling by peace officers employed by the agency; and

(B) examine the disposition of traffic and pedestrian stops made by officers employed by the agency, including searches resulting from the stops; and

(2) information relating to each complaint filed with the agency alleging that a peace officer employed by the agency has engaged in racial profiling.

(d) A report required under Subsection (b) may not include identifying information about a peace officer who makes a traffic or pedestrian stop or about an individual who is stopped or arrested by a peace officer. This subsection does not affect the reporting of information required under Article 2.133(b)(1).

(e) The Commission on Law Enforcement Officer Standards and Education shall develop guidelines for compiling and reporting information as required by this article.

(f) The data collected as a result of the reporting requirements of this article shall not constitute prima facie evidence of racial profiling.

Art. 2.135. EXEMPTION FOR AGENCIES USING VIDEO AND AUDIO EQUIPMENT. (a) A peace officer is exempt from the reporting requirement under Article 2.133 and a law enforcement agency is exempt from the compilation, analysis, and reporting requirements under Article 2.134 if:

(1) during the calendar year preceding the date that a report under Article 2.134 is required to be submitted:

(A) each law enforcement motor vehicle regularly used by an officer employed by the agency to make traffic and pedestrian stops is equipped with video camera and transmitter-activated equipment and each law enforcement motorcycle regularly used to make traffic and pedestrian stops is equipped with transmitter-activated equipment; and

(b) Except as otherwise provided by this subsection, a law enforcement agency that is exempt from the requirements under Article 2.134 shall retain the video and audio or audio documentation of each traffic and pedestrian stop for at least 90 days after the date of the stop. If a complaint is filed with the law enforcement agency alleging that a peace officer employed by the agency has engaged in racial profiling with respect to a traffic or pedestrian stop, the agency shall retain the video and audio or audio record of the stop until final disposition of the complaint.

(c) This article does not affect the collection or reporting requirements under Article 2.132.

Art. 2.136. LIABILITY. A peace officer is not liable for damages arising from an act relating to the collection or reporting of information as required by Article 2.133 or under a policy adopted under Article 2.132.

Art. 2.137. PROVISION OF FUNDING OR EQUIPMENT.

(a) The Department of Public Safety shall adopt rules for providing funds or video and audio equipment to law enforcement agencies for the purpose of installing video and audio equipment as described by Article 2.135(a)(1)(A), including specifying criteria to prioritize funding or equipment provided to law enforcement agencies. The criteria may include consideration of tax effort, financial hardship, available revenue, and budget surpluses. The criteria must give priority to:

(1) law enforcement agencies that employ peace officers whose primary duty is traffic enforcement;

(2) smaller jurisdictions; and

(3) municipal and county law enforcement agencies.

(b) The Department of Public Safety shall collaborate with an institution of higher education to identify law enforcement agencies that need funds or video and audio equipment for the purpose of installing video and audio equipment as described by Article 2.135(a)(1)(A). The collaboration may include the use of a survey to assist in developing criteria to prioritize funding or equipment provided to law enforcement agencies.

(c) To receive funds or video and audio equipment from the state for the purpose of installing video and audio equipment as described by Article 2.135(a)(1)(A), the governing body of a county or municipality, in conjunction with the law enforcement agency serving the county or municipality, shall certify to the

Department of Public Safety that the law enforcement agency needs funds or video and audio equipment for that purpose.

(d) On receipt of funds or video and audio equipment from the state for the purpose of installing video and audio equipment as described by Article 2.135(a)(1)(A), the governing body of a county or municipality, in conjunction with the law enforcement agency serving the county or municipality, shall certify to the Department of Public Safety that the law enforcement agency has installed video and audio equipment as described by Article 2.135(a)(1)(A) and is using the equipment as required by Article 2.135(a)(1).

(5) the date and nature of the offense, including whether the offense was a serious traffic violation as defined by Chapter 522;

(6) whether a search of the vehicle was conducted and whether consent for the search was obtained;

(7) the plea, the judgment, and whether bail was forfeited;

(8) [~~7~~] the date of conviction; and

# **Institutional Policy on Racial Profiling**

**MOUNT PLEASANT, TEXAS POLICE DEPARTMENT  
GENERAL ORDERS MANUAL**

<i>Effective Date</i> <b>June 1, 2008</b>		<i>Amended Date</i> February 5, 2013		<i>Directive</i> <b>2.01.1</b>	
<i>Subject</i> <b>Bias and Racial Based Profiling</b>					
<i>Reference</i>					
<i>Distribution</i> <b>All Personnel City Manager City Attorney</b>		<i>TPCA Best Practices Recognition Program Reference</i>  <b>2.01.1 Bias Based Profiling</b>		<i>Review Date</i>  <b>March 2012</b>	
<i>Pages</i> <b>6</b>					

**SECTION 1 PURPOSE**

The purpose of this order is to provide general guidance on reducing the presence of bias in law enforcement actions, to identify key contexts in which bias may influence these actions, and emphasize the importance of the constitutional guidelines within which we operate.

**SECTION 2 POLICY**

We are committed to a respect for constitutional rights in the performance of our duties. Our success is based on the respect we give to our communities, and the respect members of the community observe toward law enforcement. To this end, we shall exercise our sworn duties, responsibilities, and obligations in a manner that does not discriminate on the basis of race, sex, gender, national origin, ethnicity, age, or religion. All people carry biases: in law enforcement, however, the failure to control our biases can lead to illegal arrests, searches, and detentions, thus thwarting the mission of our department. Most importantly, actions guided by bias destroy the trust and respect essential for our mission to succeed. We live and work in communities very diverse in population: respect for diversity and equitable enforcement of the law are essential to our mission.

All enforcement actions, particularly stops of individuals (for traffic and other purposes), investigative detentions, arrests, searches and seizures of persons or property, shall be based on the standards of reasonable suspicion or probable cause as required by the Fourth Amendment to the U. S. Constitution and statutory authority. In all enforcement decisions, officers shall be able to articulate specific facts, circumstances, and conclusions which support probable cause or reasonable suspicion for arrests, searches, seizures, and stops of individuals. Officers shall not stop, detain, arrest, search, or attempt to search anyone based solely upon the person's race, ethnic background, gender, sexual orientation, religion, economic status, age, cultural group, or any other identifiable group. Officers shall base all such actions on a reasonable suspicion that the person or an occupant of a vehicle committed an offense.

All departmental orders are informed and guided by this directive. Nothing in this order limits non-enforcement contacts between officers and the public.

**SECTION 3 DEFINITIONS**

Most of the following terms appear in this order. In any case, these terms appear in the larger public discourse about alleged biased enforcement behavior and in other orders. These

definitions are intended to facilitate on-going discussion and analysis of our enforcement practices.

- A. Bias: Prejudice or partiality which may be based on preconceived ideas, a person's upbringing, culture, experience, or education.
- B. Biased policing: Stopping, detaining, searching, or attempting to search, or using force against a person based upon his or her race, ethnic background, gender, sexual orientation, religion, economic status, age, cultural group, or any other identifiable group.
- C. Ethnicity: A cluster of characteristics which may include race but also cultural characteristics or traits which are shared by a group with a common experience or history.
- D. Gender: Unlike sex, a psychological classification based on cultural characteristics or traits.
- E. Probable cause: Facts or apparent facts and circumstances within an officer's knowledge and of which the officer had reasonable, trustworthy information to lead a reasonable person to believe that an offense has been or is being committed, and that the suspect has committed it.
- F. Race: A category of people of a particular decent, including Caucasian, African, Hispanic, Asian, or Native American descent. As distinct from ethnicity, race only refers to physical characteristics sufficiently distinctive to group people under a classification.
- G. Racial profiling: A law-enforcement initiated action based on an individual's race, ethnicity, or national origin rather than on the individual's behavior or on information identifying the individual as having engaged in criminal activity.
- H. Reasonable suspicion: Articulate, objective facts which lead an experienced officer to suspect that a person has committed, is committing, or may be about to commit a crime. A well-founded suspicion is based on the totality of the circumstances and does not exist unless it can be articulated. Reasonable suspicion supports a stop of a person. Courts require that stops based on reasonable suspicion be "objectively reasonable."
- I. Sex: A biological classification, male or female, based on physical and genetic characteristics.
- J. Stop: The detention of a subject for a brief period of time, based on reasonable suspicion. A stop is an investigative detention.

#### **SECTION 4 PROCEDURES AND RESPONSIBILITIES**

All members of the Department shall know and comply with all aspects of this directive. All Division Commanders and supervisory personnel are responsible for ensuring compliance with the provisions and intent of this directive.

- A. General responsibilities
  - 1. Officers are prohibited from engaging in bias based profiling or stopping, detaining, searching, arresting, or taking any enforcement action including

seizure or forfeiture activities, against any person based solely on the person's race, ethnic background, gender, sexual orientation, religion, economic status, age, cultural group, or any other identifiable group. These characteristics, however, may form part of reasonable suspicion or probable cause when officers are seeking a suspect with one or more of these attributes. (TBP: 2.01)

2. Reasonable suspicion or probable cause shall form the basis for any enforcement actions or decisions. Individuals shall only be subjected to stops, seizures, or detention upon reasonable suspicion that they have committed, are committing, or are about to commit an offense. Officers shall document the elements of reasonable suspicion and probable cause in appropriate reports.
3. Officers shall observe all constitutional safeguards and shall respect the constitutional rights of all persons.
  - a. As traffic stops furnish a primary source of bias-related complaints, officers shall have a firm understanding of the warrantless searches allowed by law, particularly the use of consent. How the officer disengages from a traffic stop may be crucial to a person's perception of fairness or discrimination.
  - b. Officers shall not use the refusal or lack of cooperation to justify a search of the person or vehicle or a prolonged detention once reasonable suspicion has been dispelled.
4. All personnel shall treat everyone with the same courtesy and respect that they would have others observe to department personnel. To this end, personnel are reminded that the exercise of courtesy and respect engenders a future willingness to cooperate with law enforcement.
  - a. Personnel shall facilitate an individual's access to other governmental services whenever possible, and shall actively provide referrals to other appropriate agencies.
  - b. All personnel shall courteously accept, document, and forward to the Chief of Police any complaints made by an individual against the department.
5. When feasible, personnel shall offer explanations of the reasons for enforcement actions or other decisions that bear on individual's well-being unless the explanation would undermine an investigation or jeopardize an officer's safety. When concluding an encounter, personnel shall thank him or her for cooperating.
6. When feasible, all personnel shall identify themselves by name. When a person requests the information, personnel shall give their departmental identification number, name of the immediate supervisor, or any other reasonable information.
7. All personnel are accountable for their actions. Personnel shall justify their actions when required.

B. Supervisory responsibilities

1. Supervisors shall be held accountable for the observance of constitutional safeguards during the performance of their duties. Supervisors shall identify and correct instances of bias in the work of their subordinates.
2. Supervisors shall use the disciplinary mechanisms of the department to ensure compliance with this order and the constitutional requirements of law enforcement.
3. Supervisors shall be mindful that in accounting for the actions and performance of subordinates, supervisors are key to maintaining community trust in law enforcement. Supervisors shall continually reinforce the ethic of impartial enforcement of the laws, and shall ensure that personnel, by their actions, maintain the community's trust in law enforcement.
4. Supervisors are reminded that biased enforcement of the laws engenders not only mistrust of law enforcement, but increases safety risks to personnel. Lack of control over bias also exposes the department to liability consequences. Supervisors shall be held accountable for repeated instances of biased enforcement of their subordinates.
5. Supervisors shall ensure that all enforcement actions are duly documented per departmental policy. Supervisors shall ensure that all reports show adequate documentation of reasonable suspicion and probable cause, if applicable.
6. Supervisors shall facilitate the filing of any complaints about law enforcement service.

C. Disciplinary consequences

Actions prohibited by this order shall be cause for disciplinary action, up to and including dismissal.

D. Training (TBP: 2.01)

Officers shall complete all training required by state law regarding bias based profiling.

## **SECTION 5 COMPLAINTS**

The department shall publish a brochure on how to make a complaint to include bias based profiling complaints and make it available in the Police Department lobby. The department's complaint process and its bias based profiling policy will be available in the Police Department's lobby and posted on the department's website. Whenever possible, the media will be used to inform the public of the department's policy and complaint process.

- A. Complaints alleging incidents of bias based profiling will be fully investigated.
- B. The department shall accept complaints from any person who believes he or she has been stopped or searched based on racial, ethnic or national origin profiling. No person shall be discouraged, intimidated or coerced from filing a complaint, nor discriminated against because he or she filed such a complaint. The

complainant may be informed, meaning a verbal complaint to a police supervisor, or formal, meaning the complaint is put in writing and notarized.

- C. Any employee who receives an allegation of racial profiling, including the officer who initiated the stop, shall record the person's name, address and telephone number and forward the complaint through the appropriate channel or direct the individual(s) regarding the complaint process. Any employee contacted shall provide to that person a copy of a complaint form or the department process for filing a complaint. All employees will report any allegation of racial or bias based profiling to their superior before the end of their shift.
- D. Investigation of a complaint shall be conducted in a thorough and timely manner. All complaints will be acknowledged in writing to the initiator who will receive disposition regarding said complaint within a reasonable period of time, usually 30 days. The investigation shall be reduced to writing and any reviewer's comments or conclusions shall be filed with the chief. When applicable, findings and/or suggestions for disciplinary action, retraining, or changes in policy shall be filed with the chief.
- E. If a racial or bias based profiling complaint is sustained against an officer, it will result in appropriate corrective and/or disciplinary action, up to and including termination.
- F. If there is a departmental video or audio recording of the events upon which a complaint of racial or bias based profiling is based upon, commencement of an investigation by this department into the complaint and written request of the officer made the subject of the complaint, this department shall promptly provide a copy of the recording to that officer.
- G. Complainants will be notified of the results of the investigations when such investigation is completed.

## **SECTION 6 TRAINING**

Officers are responsible for adhering to all Texas Commission on Law Enforcement Officer Standards and Education (TCLEOSE) training and the Law Enforcement Management Institute of Texas (LEMIT) requirements as mandated by law.

## **SECTION 7 PUBLIC EDUCATION**

This department will inform the public of its policy against racial through the agency website and brochures provided to anyone who asks and through a display in the lobby of the police department. Additionally, information will be made available as appropriate in languages other than English to reflect the needs of our community.

## **SECTION 8 CITATION DATA COLLECTION & REPORTING**

- A. The department will maintain all required records on traffic stops where a citation is issued or where an arrest is made subsequent to a traffic stop pursuant to state law. An officer is required to collect information relating to such events by documenting the event on the hand held ticket writer. On the ticket writer screen the officer must include and submit:

1. The violator's race or ethnicity
  2. Whether a search was conducted on the vehicle:
    - a. Was the search consensual
    - b. Was the search non-consensual (through probable cause)
  3. Whether evidence was found or not found
  4. If an arrest was made identify if:
    - a. Citation issued
    - b. Arrest for other than citation
    - c. Arrest and citation both occurred
  5. Residency location:
    - a. Inside the city limits
    - b. Outside the city limits
- B. By March of each year the Chief of Police or his designee shall submit an agency report to their governing board that includes information required for the Texas Law on Racial Profiling.

## **SECTION 9 USE OF VIDEO AND AUDIO EQUIPMENT**

Each motor vehicle regularly used by this department to make traffic and pedestrian stops is equipped with a video camera and transmitter-activated equipment.

**Officers will not intentionally fail to record or intentionally stop an audio or video recording during an in progress traffic or pedestrian stop. This order includes recording a consultation with another officer or supervisor while a stop or detention is in progress.**

- A. This department shall retain the video and audiotapes, or the audiotape of each traffic and pedestrian stop for at least ninety (90) days after the date of the stop. If a complaint is filed with this department alleging that one of our officers has engaged in racial profiling with respect to a traffic or pedestrian stop, this department shall retain the video and audiotapes, or the audiotape of the stop until final disposition of the complaint.
- B. Supervisors will ensure officers of this department are recording their traffic and pedestrian stops. Random recordings of each officer assigned to patrol will be reviewed monthly by their assigned supervisor and an audit of those recordings will be forwarded through the chain of command to the Chief of Police.
- C. If the equipment used to record audio and/or video of traffic or pedestrian stops is malfunctioning or otherwise not operable, the officer making the stop may properly record and report the information to a supervisor on duty as soon as possible but no later than the end of the shift. If another unit is available which is equipped with properly functioning video and/or audio equipment then the officer will change to the other unit.

## **SECTION 10 RECORD KEEPING**

- A. The department will maintain all required records on traffic stops where a citation is issued or where an arrest is made subsequent to a traffic stop pursuant to state law.
- B. The information collected above will be reported to the city council annually.
- C. The information will also be reported to TCLEOSE in the required format.

**Complaint Process: Informing the  
Public and Addressing Allegations  
of Racial Profiling Practices**

## **Informing the Public on the Process of Filing a Racial Profiling Complaint with the Mount Pleasant Police Department**

The Texas Racial Profiling Law requires that police agencies provide information to the public regarding the manner in which to file a racial profiling complaint. In an effort to comply with this particular component, the Mount Pleasant Police Department launched an educational campaign aimed at informing the public on issues relevant to the racial profiling complaint process.

The police department made available, in the lobby area and on its web site, information relevant to filing a complaint on a racial profiling violation by a Mount Pleasant Police officer. It is believed that through these efforts, the community has been properly informed of the new policies and the complaint processes relevant to racial profiling.

# **Racial Profiling Training**

## **Racial Profiling Training**

Since 2002, all Mount Pleasant Police officers have been instructed, as specified in the Texas Racial Profiling Law, to adhere to all Texas Commission on Law Enforcement (TCOLE) training and the Law Enforcement Management Institute of Texas (LEMIT) requirements. To date, all sworn officers of the Mount Pleasant Police Department have completed the TCOLE basic training on racial profiling. The main outline used to train the officers of Mount Pleasant has been included in this report.

It is important to recognize that the Chief of the Mount Pleasant Police Department has also met the training requirements, as specified by the Texas Racial Profiling Law, in the completion of the LEMIT program on racial profiling. The satisfactory completion of the racial profiling training by the sworn personnel of the Mount Pleasant Police Department fulfills the training requirement as specified in the Education Code (96.641) of the Texas Racial Profiling Law.

## **2.0 RACIAL PROFILING AND THE COMMUNITY**

**2.1 UNIT GOAL: The student will be able to identify logical and social arguments against racial profiling.**

**2.1.1 LEARNING OBJECTIVE: The student will be able to identify logical and social arguments against racial profiling.**

A. There are appropriate reasons for unusual traffic stops (suspicious behavior, the officer's intuition, MOs, etc.), but police work must stop short of cultural stereotyping and racism

B. Racial profiling would result in criminal arrests, but only because it would target all members of a race randomly – the minor benefits would be far outweighed by the distrust and anger towards law enforcement by minorities and the public as a whole

C. Racial profiling is self-fulfilling bad logic: if you believed that minorities committed more crimes, then you might look for more minority criminals, and find them in disproportionate numbers

D. Inappropriate traffic stops generate suspicion and antagonism towards officers and make future stops more volatile – a racially-based stop today can throw suspicion on tomorrow's legitimate stop

E. By focusing on race, you would not only be harassing innocent citizens, but overlooking criminals of all races and backgrounds – it is a waste of law enforcement resources

**3.0 RACIAL PROFILING VERSUS REASONABLE SUSPICION**

**3.1 UNIT GOAL: The student will be able to identify the elements of both inappropriate and appropriate traffic stops.**

**3.1.1 LEARNING OBJECTIVE: The student will be able to identify elements of a racially motivated traffic stop.**

A. Most race-based complaints come from vehicle stops, often since race is used as an inappropriate substitute for drug courier profile elements

B. "DWB" – "Driving While Black" – a nickname for the public perception that a Black person may be stopped solely because of their race (especially with the suspicion that they are a drug courier), often extended to other minority groups or activities as well ("Driving While Brown," "Flying While Black," etc.)

C. A typical traffic stop resulting from racial profiling

1. The vehicle is stopped on the basis of a minor or contrived traffic violation which is used as a pretext for closer inspection of the vehicle, driver, and passengers

2. The driver and passengers are questioned about things that do not relate to the traffic violation

3. The driver and passengers are ordered out of the vehicle
4. The officers visually check all observable parts of the vehicle
5. The officers proceed on the assumption that drug courier work is involved by detaining the driver and passengers by the roadside
6. The driver is asked to consent to a vehicle search – if the driver refuses, the officers use other procedures (waiting on a canine unit, criminal record checks, license-plate checks, etc.), and intimidate the driver (with the threat of detaining him/her, obtaining a warrant, etc.)

**3.1.2 LEARNING OBJECTIVE: The student will be able to identify elements of a traffic stop which would constitute reasonable suspicion of drug courier activity.**

- A. Drug courier profile (adapted from a profile developed by the DEA)
1. Driver is nervous or anxious beyond the ordinary anxiety and cultural communication styles
  2. Signs of long-term driving (driver is unshaven, has empty food containers, etc.)
  3. Vehicle is rented
  4. Driver is a young male, 20-35
  5. No visible luggage, even though driver is traveling
  6. Driver was over-reckless or over-cautious in driving and responding to signals
  7. Use of air fresheners
- B. Drug courier activity indicators by themselves are usually not sufficient to justify a stop

**3.1.3 LEARNING OBJECTIVE: The student will be able to identify elements of a traffic stop which could constitute reasonable suspicion of criminal activity.**

- A. Thinking about the totality of circumstances in a vehicle stop
- B. Vehicle exterior
1. Non-standard repainting (esp. on a new vehicle)
  2. Signs of hidden cargo (heavy weight in trunk, windows do not roll down, etc.)
  3. Unusual license plate suggesting a switch (dirty plate, bugs on back plate, etc.)
  4. Unusual circumstances (pulling a camper at night, kids' bikes with no kids, etc.)
- C. Pre-stop indicators
1. Not consistent with traffic flow
  2. Driver is overly cautious, or driver/passengers repeatedly look at police car
  3. Driver begins using a car- or cell-phone when signaled to stop
  4. Unusual pull-over behavior (ignores signals, hesitates, pulls onto new street, moves objects in car, etc.)

D. Vehicle interior

1. Rear seat or interior panels have been opened, there are tools or spare tire, etc.
2. Inconsistent items (anti-theft club with a rental, unexpected luggage, etc.)

# **Analysis and Interpretation of Data**

## Analysis

The Texas legislature, in 2001, passed Senate Bill 1074 which became the Texas Racial Profiling Law. That is, the law came into effect on January 1, 2002 and required all police departments in Texas, to collect traffic-related data and report this information to their local governing authority by March 1<sup>st</sup> of each year. In 2009, the racial profiling law was modified to include the collection and reporting of all motor vehicle related contacts where a citation was issued or arrest made. In addition, the modification to the law further requires that all police officers indicate whether or not they knew the race or ethnicity of the individual before detaining them. Further, it is required that agencies report motor vehicle related data to their local governing authority and to the Texas Commission on Law Enforcement (TCOLE) by March 1st of each year. The purpose in collecting and presenting this information is to determine if police officers in a particular municipality are engaging in the practice of racially profiling minority motorists.

The Texas Racial Profiling Law also requires police departments to interpret motor vehicle-related data. Even though most researchers would probably agree with the fact that it is within the confines of good practice for police departments to be accountable to the citizenry while carrying a transparent image before the community, it is very difficult to determine if individual police officers are engaging in racial profiling, from a review and analysis of aggregate/institutional data. In other words, it is challenging for a reputable researcher to identify specific “individual” racist behavior from aggregate-level “institutional” data on traffic or motor vehicle-related contacts.

As stated previously, in 2009, the Texas Legislature passed House Bill 3389, which modified the existing Racial Profiling Law by adding new requirements; this took effect on January 1st, 2010. These most recent changes include, but are not exclusive of, the re-definition of a contact to include motor vehicles where a citation was issued or an arrest made. In addition, it requires police officers to indicate if they knew the race or ethnicity of the individual before detaining them. Also, the more recent law requires adding "middle eastern" to the racial and ethnic category and submitting the annual data report to TCOLE before March 1st of each year. I am pleased to inform you that these additional requirements have been addressed, since 2009, by the Mount Pleasant Police Department as it is demonstrated throughout this report.

In an effort to comply with The Texas Racial Profiling Law, the Mount Pleasant Police Department commissioned the analysis of its 2013 motor vehicle contact data. Thus, two different types of data analyses were performed. The first of these involved a careful evaluation of the 2013 motor vehicle-related data. This particular analysis measured, as required by the law, the number and percentage of Caucasians, African Americans, Hispanics, Asians, Native Americans, Middle Easterners and individuals belonging to the “other” category, that came in contact with the police in the course of a motor vehicle related contact, and were either issued a citation or arrested. Further, the analysis included information relevant to the number and percentage of searches (table 1)

while indicating the type of search performed (i.e., consensual or probable cause). Also, the data analysis included the number and percentage of individuals who, after they came in contact with the police for a motor vehicle-related reason, were arrested.

The additional data analysis performed was based on a comparison of the 2013 motor vehicle contact data with a specific baseline. When reviewing this particular analysis, it should be noted that there is disagreement, in the literature, regarding the appropriate baseline to be used when analyzing motor vehicle-related contact information. Of the baseline measures available, the Mount Pleasant Police Department opted to adopt, as a baseline measure, the Fair Roads Standard. This particular baseline is based on data obtained through the U.S. Census Bureau (2010) relevant to the number of households that have access to vehicles while controlling for the race and ethnicity of the heads of households.

It is clear that census data presents challenges to any effort made at establishing a fair and accurate racial profiling analysis. That is, census data contains information on all residents of a particular community, regardless of the fact they may or may not be among the driving population. Further, census data, when used as a baseline of comparison, presents the challenge that it captures information related to city residents only. Thus, excluding individuals who may have come in contact with the Mount Pleasant Police Department in 2013 but live outside city limits. In some cases, the percentage of the population that comes in contact with the police but lives outside city limits represents a substantial volume of all motor vehicle-related contacts made in a given year.

Since 2002, several civil rights groups in Texas expressed their desire and made recommendations to the effect that all police departments should rely, in their data analysis, on the Fair Roads Standard. This source contains census data specific to the number of “households” that have access to vehicles. Thus, proposing to compare “households” (which may have multiple residents and only a few vehicles) with “contacts” (an individual-based count). This, in essence, constitutes a comparison that may result in ecological fallacy. Despite this, the Mount Pleasant Police Department made a decision that it would use this form of comparison (i.e., census data relevant to households with vehicles) in an attempt to demonstrate its “good will” and “transparency” before the community. Thus, the Fair Roads Standard data obtained and used in this study is specifically relevant to Mount Pleasant.

#### Tier 1 (2013) Motor Vehicle-Related Contact Analysis

When analyzing the Tier 1 data collected in 2013, it was evident that most motor vehicle-related contacts were made with Hispanic drivers. This was followed by Caucasian and African American drivers. With respect to searches, most of them were performed on Caucasian drivers. This was followed by Hispanics and African Americans. It is important to note that the arrest data revealed that Hispanic drivers were arrested the most in motor vehicle-related contacts; this was followed by African Americans and Caucasians.

### Fair Roads Standard Analysis

The data analysis of motor vehicle contacts to the census data relevant to the number of “households” in Mount Pleasant who indicated, in the 2010 census, that they had access to vehicles, produced interesting findings. Specifically, the percentage of individuals of Hispanic descent that came in contact with the police was higher than the percentage of Hispanic households in Mount Pleasant that claimed, in the 2010 census, to have access to vehicles. With respect to Caucasians and African Americans, a lower percentage of contacts were detected. That is, the percentage of Caucasians and African Americans drivers that came in contact with the police in 2013 was lower than the percentage of Caucasians and African Americans households in Mount Pleasant with access to vehicles.

### Summary of Findings

The comparison of motor vehicle contacts showed that the Mount Pleasant Police Department came in contact (in motor vehicle-related incidents) with a smaller percentage of Caucasians and African Americans drivers than the percentage that resided in Mount Pleasant and had access to vehicles. Further, the data suggested that the percentage of Hispanic drivers that came in contact with the police in 2013 was higher than the percentage of Hispanic households in Mount Pleasant with access to vehicles. In addition, the data showed that in a large number of instances, officers did not know the race or ethnicity of individuals before detaining them, when compared to instances where officers knew the race/ethnicity of individuals before they were detained.

While considering the findings made in this analysis, it is recommended that the Mount Pleasant Police Department should continue to collect and evaluate additional information on motor vehicle contact data (i.e., reason for probable cause searches, contraband detected) which may prove to be useful when determining the nature of the contacts police officers are making with all individuals; particularly with Hispanics. Although this additional data may not be required by state law, it is likely to provide insights regarding the nature and outcome of all motor vehicle contacts made with the public.

As part of this effort, the Mount Pleasant Police Department is also encouraged to:

- 1) Perform an independent search analysis on the search data collected in the first quarter of 2014.
- 2) Commission data audits in 2014 in order to assess data integrity; that is, to ensure that the data collected is consistent with the data being reported.

The Mount Pleasant Police Department complied with recommendations made last year, in a similar report, regarding data audits. Further, the information and analysis provided in this report serves as evidence that the Mount Pleasant Police Department has, once again, complied with the Texas Racial Profiling Law.
